STAKK

STAKK

Design: Stefano Getzel

Stakk is available in two versions, with armrests or armless. The structure is in chromed or white enameled aluminium, while the seat and backrest are in plastic, in glossy polycarbonate; a range of five colours: black, transparent, smoky and amaranth red. For more traditionalist people, or those who prefer an added touch of class, Stakk is also available with fabric or leather covering.
