Product Specification Brochure

connection
connection.uk.com

The modern workplace landscape increasingly recognises the need for a multitude of spaces, including shared breakout spaces, private work, relaxation zones and more orthodox work settings.

Adaptable and reconfigurable products which create 'neighbourhoods' allow for convenient evolution of spaces to flex to new and emerging workplace trends. These 'hackable spaces' enable the occupier to make products and spaces their own, empowering the user to build a space which best suits their requirements.

Harp

STEP 1 | Build Base Frame

Select your Harp frame size and style.

Please note: All frames are available in two height options **2,400mm** and **2,600mm**
