This range of intelligent black and white multifunction devices is powerful, reliable and constantly updated with the latest technology to provide you with high-quality printing and scanning, any time, any place, anywhere.

Ricoh intelligent devices: Scalable. Secure. Sustainable. Simple.

Technology that never becomes dated

With our range of intelligent devices, you can benefit from the outstanding quality, reliability and security that you can expect from Ricoh, plus on-demand access to the latest technology.

Always up-to-date

Simply add software solutions, applications and cloud services as you need them to optimise your document management workflows, helping your people work smarter, faster and more securely.

Ricoh's Always Current Technology allows new features, applications and upgrades to be downloaded and installed directly to your device.

Technology and security, made easy

Connecting your Ricoh intelligent device to external cloud services and installing apps with workflow capabilities are easy. Convert paper-based information to digital by scanning directly to services such as Dropbox™ or SharePoint™ or scan direct to folders on your corporate network. Get quick access to a range of 'scan-to' functionality as new services become available.

Prevent your data and printing from being compromised with multi-layered security features that make document management risk-proof.

Expert document management and outstanding quality

Digitise your document processes enabling swift yet secure access to and routing of information as needed and authorized –it's the hub of your business' document management workflow.

Get sharp text and graphics without saturation using Ricoh's advanced printing technologies that deliver the best quality print results every time.

Straightforward printing for busy offices

Streamlined workplaces require streamlined systems

Working environments are becoming more streamlined. From apps and smart devices to virtual meetings and data accessed via cloud environments, every element of office working is evolving. Rightfully, people expect their office equipment to facilitate this streamlined way of working.

The latest devices, with their intuitive features are being continuously updated to incorporate up-to-the-minute developments, catering to all requirements whilst keeping pace with these technological developments.

About the range - at a glance

A3 B&W intelligent devices are designed to boost office productivity without complex user interfaces, thanks to the Smart Operation Panel.

With features such as high scanning speeds, Always Current Technology and an extensive range of finishing options, this improved productivity is also effortless.

All the way up to a blistering 60 pages per minute, the range perfectly tailors to a wide range of business needs and sectors. Along with the print speed performance you need, the range offers impressive scan speeds between 120 - 240 ipm in B&W and colour.

In addition, all devices can be specified with various finishers and paper bank options to fully match your specific needs or workflows.

Industry-leading suite of finishing options

The wide variety of paper support and finishing options enable you to configure your device to your needs.

Booklet finishers can print booklets and magazines, whilst the hybrid finisher offers staple-free binding.

Finishers can punch and staple. And with the multifolding unit, you can fold leaflets.

The different paper options offer additional paper capacity reducing refill jobs.

Making every day tasks easier

- The Latest Technology: Ricoh Always Current Technology provides access to required applications, the latest features and upgrades
- Total Integration: Ricoh's Smart Integration Platform provides cloud-based apps and document workflow integration across multiple devices.
- Productivity: The intuitive Smart Operation Panel makes using the devices quick and easy and workflows more intuitive.
- Safety: Ricoh's Smart Device Connector enables touchless operation on the MFP that takes place via a single app which enables you to control all print, copy, scan and fax functions from Android and iOS devices smartly and safely.
- Quality: The combination of high scanning speeds and finishing options enables users to effortlessly boost their printing and scanning output.

About those industry-leading features – in more detail...

Ricoh Always Current Technology

Always Current Technology delivers timely solutions to meet your changing needs. With Ricoh Always Current Technology enabled, the capabilities of your Ricoh intelligent device continually adapts to the changing demands of your workforce.

Available on most of Ricoh's intelligent devices, it quietly and continually supports you, automatically upgrading your machine with the latest technology. And, just like your smartphone, prompts you to activate the update at your convenience. The process is simple and secure.

Smart Integration Platform

This platform provides cloud-based apps and document workflow integration across devices.

Simply connect your Ricoh MFP, products and other smart devices to external cloud services, such as Dropbox, Google Drive, Microsoft 365 and DocuWare, enabling you to work smarter and increase productivity.

Smart Operation Panel

With our latest 10.1" Smart Operation Panel, complete with soft-key operation, your Ricoh multifunction printer is even easier to touch, swipe and get the job done, thanks to a range of helpful features, including a completely customisable home screen and full internet browser capability.

When you want to simplify and improve document processes in your office, Ricoh's new range of A3 B&W intelligent MFPs -featuring Smart Operation Panel technology- brings you high quality printing, high efficiency workflows and low running costs.

Smart Device Connector

Smart devices are seeing greater and greater use on the business scene, but procedures for connection to office equipment are complex and still by no means stress-free. With our Smart Device Connector, those complex procedures become simple, and you can seamlessly connect to various smart devices.

You can also operate a multifunction product by NFC or QR code, simply holding the smart device over it, and you're connected.

Smart. Secure. Sustainable. Simple.

Smart: Print more quickly

We all know time equals money. Incorporating intelligent features that deliver super-fast printing and scanning results, this new range of devices enables you to effortlessly work smarter and faster.

With print speeds up to 60 ppm there's always a device that caters to your needs.

Secure: Work more securely

Cyber security is a growing threat. Prevent your data and printing from being compromised with multi-layered security features that risk-proof document management.

Ricoh Always Current Technology not only ensures you benefit from all the latest features and Apps, it also ensures your device is always running the latest security update too.

Protection and safety are important factors for office equipment today due to increasing demand for sanitation. Therefore, we will provide safe and convenient ways to access your device's touch panel. Antimicrobial overlays allow for safe and protected operation of the touch panel.

Sustainable: Improve your carbon footprint

Since 1946 when Kiyoshi Ichimura founded Ricoh's principles, we continue to leverage the power of business through incorporating social and environmental sustainability by undertaking a range of initiatives in keeping with our sustainability message, which is Driving Sustainability for Our Future.

Sustainability is at the heart of everything we do. Therefore, this product series contains recycled materials (recycled steel and post-consumer recycled plastics).

Simple: Cut your printing costs

Organisations are under pressure to keep company-wide costs down. Consolidate your printing equipment down into one highly productive and reliable unit.

B&W printing is notable for reducing printing costs and alongside highly quality and efficient scanning will reduce paper usage overall.

We also offer a selection of cost control software products. From tracking energy, paper and consumables consumption to ensuring that the most efficient settings have been activated across all your print devices.
