

AMCS provide expert solutions for waste and recycling, transport operations and EHSQ & ESG.

BACKGROUND

AMCS provide expert practical solutions for resources, waste, recycling, transportation and utilities industries.. They needed a workplace that would reflect the innovative work that they do.

ABOUT THE PROJECT

Due to the businesses ethos, M2 Office aimed to integrate green elements into this project, symbolizing their environmental dedication. Acoustic ceiling panels were strategically installed across the office space to diminish noise levels, enhancing productivity and concentration. Additionally, a vibrant and inviting relaxation zone has been incorporated, providing employees with opportunities to rejuvenate and unwind. AMCS prioritise employee well-being and strive to maintain high staff morale.

RESULTS

The new office space is now fresh and airy. M2 Office is delighted with the successful completion of this project. The harmonious blend of red, blue, and green hues creates a dynamic and lively atmosphere that energizes the workplace.
