

Cup Print

Cup Print founded by Terry Fox in 2009, is Europe's No. 1 Manufacturer of printed recyclable paper cups customised for your brand.

BACKGROUND

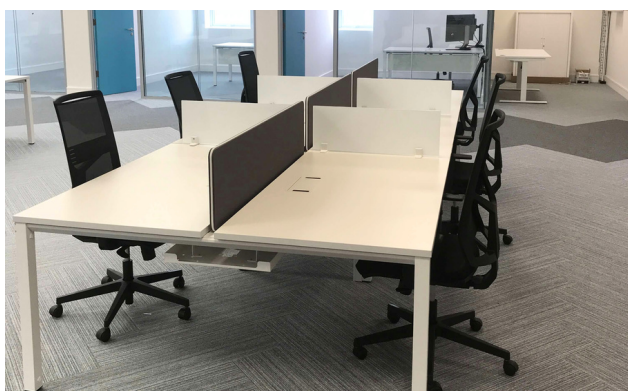

M2 Office teamed up with the talented designer Missy Grey to upgrade and brighten Cup Print's workspace.

ABOUT THE PROJECT

M2 Office took charge of supplying and installing ergonomic office chairs, desking with cable management, storage solutions, and acoustic screens, ensuring a cohesive and efficient layout that catered to Cup Print's operational needs.

Despite the challenges posed by tight timelines, our team remained steadfast in delivering results promptly and efficiently. Through meticulous planning and execution, we successfully met the project's deadlines without compromising on quality or design integrity.

RESULTS

Our collaboration with Cup Print on this project marks the beginning of a promising partnership. As we look ahead, M2 Office is eager to continue working with Cup Print, further refining their workspace to meet evolving needs and aspirations.

M2 Office Interiors

Cup Print

"Our experience working with M2 Office was absolutely exceptional. They expertly supplied and installed ergonomic office chairs, desking with efficient cable management, storage solutions, and acoustic screens, creating a cohesive and functional layout tailored to Cup Print's operational needs. Even with tight timelines presenting challenges, the team at M2 Office showcased remarkable dedication and professionalism."
