

# Eirtech Aircraft Aviation Services

Eirtech Aviation provides a range of cost effective professional aviation services and bespoke solution packages to airlines and airline leasing companies.

## BACKGROUND

Eirtech sought modern, stylish ergonomic furniture. M2 Office delivered, creating a cozy seating area and a bright, contemporary canteen. Ergonomic chairs and spacious work areas were provided for each employee.

## ABOUT THIS PROJECT

M2 Office Supplied and installed desking for 140 staff. Management offices, Break-out areas. Boardroom and Canteen furniture. Ergonomic seating and monitor arms were installed. M2 Office educated staff on the features of the ergonomic furniture and provided ergonomic assessments on staff request.

## RESULTS

M2 Office revolutionised the workspace for 140 staff, delivering customised furnishings and enhancing comfort. Employees are now well-versed in the importance of ergonomic seating.

# Eirtech Aircraft Aviation Services

“Our fit out involved relocating 70 engineering and sales staff, along with senior management. We choose M2 Office Interiors for a number of reasons, they met the budget with good quality furniture and could provide the full installation within the tight time-line provided. M2 Office worked closely with the project architect on fabrics and finishes. With their advice, we invested in the best in class Ergonomic Products for our staff. M2 Office Interiors exceeded our expectations for delivery & quality of products. We are happy to continue to work with M2 Office Interiors.”
