Product Brochure

Platforms

The Platforms range is a collection of simple and flexible 2-tier auditorium seating modules which can be configured in a multitude of ways to create environments for education and presenting. A range of configurations work to create your ideal learning space. Modules feature under-seat storage and upholstered seat pads as standard for convenience and comfort. Extra options include integrated power for connectivity, lockable casters for mobility and floor coverings for protection.

Platforms Accessories

The Platforms Accessories range is a collection of backboards, planters, bookshelves and whiteboards that can be used together or separately to create useful working spaces.
These modules are fully flexible and adaptable to the user's interpretations, with simple assembly.

Platforms Additions

The Platforms Additions range is a collection of interchangeable modules to create shared places within open plan spaces. Build multiply or subtract as the space demands. Lightweight and agile, the modules can be easily reconfigured and remodelled to adapt to the requirements of the space. Fully adaptable to the user's interpretations, Platforms Additions can be used to create spaces for group collaboration, solo working and everything in between.
