

# Airborne

A Shannon-based aircraft leasing company helping investors seeking bespoke investment options in the aviation space.

## BACKGROUND

Taking up the ground floor of a highly sought after location in the Shannon Development Zone, the client wanted to make the most of the surrounding view, the large windows and have a fresh but elegant design that was in keeping with the companies brand.

## ABOUT THIS PROJECT

BM2 Office Interiors were given a lot of creative freedom with this project. The client was very open to ideas and with that we implemented an open plan design with strategically placed storage units and soft furnishings to give the illusion of segmented areas while simultaneous providing function and comfort.ufactured pods, which meet the expectations and requirements for a sustainability conscious client.

## RESULTS

Empowered by the client's openness to creativity, M2 Office Interiors crafted an open-plan layout enriched with strategically placed storage units and soft furnishings.
