Plant-a-Tree

Edit Office is both an environmentally aware and an environmentally sustainable company.

We, at Edit Office are delighted to announce the launch of our Plant-a-Tree (PAT) initiative. Quite simply, for every desk we sell, we will plant a tree.

We have developed an exciting partnership with Trees On The Land, where we will plant native Irish trees for every desk sold. Edit Office will fund the planting of a tree for every desk you buy.

Last year we sold approximately 10,000 desks and are on target to sell even more this year! This will mean that more than 10,000 native Irish trees will be planted.

These Edit Office trees will be planted at selected sites in and around Co. Cork with help from Edit Office staff members.
