

# Dublin Airport Authority

DAA are a global airport and travel retail group with businesses in 15 countries around the world. daa's principal activities include operating and managing Dublin and Cork airports, global airport retailing through our subsidiary Aer Rianta International, and international aviation consultancy through daa International. The company is state-owned and headquartered at Dublin Airport.

## BACKGROUND

M2 Office was entrusted with revitalizing and modernizing the office space, aiming to craft a comfortable and inspiring environment for employees.

## ABOUT THE PROJECT

DAA sought a revamped desking system for their team, and M2 Office delivered with a sleek bench desking solution complete with integrated cable management and monitor arms. To align with DAA's branding, we selected screens and chairs in a refreshing light green hue.

Additionally, M2 Office installed a sophisticated boardroom table featuring integrated cable management, paired with 14 elegant high-back chairs, ensuring both functionality and style for their meeting space.

## RESULTS

M2 Office worked closely with the Architect and client from furniture specification to final installation, bringing the project in on time and budget. The DAA were delighted with their new office and continue to be customer of M2 Office Interiors.
