

Bea Specification Guide

THE BEA COLLECTION

The Bea collection is an innovative range of fully upholstered dens. Great for both collaborative work and private concentration space within the workplace. The dens are highly customisable with options on power, lighting, upholstery and table tops.

Simple to install the Bea dens are plug and play and are fully (and easily) relocatable, so they move when you move.

The addition of castors allows the dens to be fully mobile, giving you even more flexibility within your space.

Bea is available with a flat roof option

Designed in Birmingham
In-house- 2014 Launch
2D and 3D CAD blocks can be downloaded from the Bea product page on our website- as well as high resolution images.
