

Stella Specification Guide

THE STELLA COLLECTION

Stella is a flexible modular fully upholstered range of furniture. We have split Stella into 2 ranges:

Stella : 2 High back segments with bent wire legs (one small rad, one large rad) that can be interchanged to create interesting tear drop shapes or circles.

Stella 2.0 : Is a fixed 'booth' option with a variety of height options to allow for either privacy or open discussion.

The Ben table compliments the Stella range.

Designed in Birmingham
In-house- 2011 Launch
2D and 3D CAD blocks can be downloaded from the Stella product page on our website- as well as high resolution images.
