

Teagasc Oak Park

Teagasc – the Agriculture and Food Development Authority – is the national body providing integrated research, advisory and training services to the agriculture and food industry and rural communities.

BACKGROUND

Teagasc Oak Park presented M2 Office Interiors with the challenge of making their existing space work again.

ABOUT THE PROJECT

After speaking with the client our design team put a number of layout and colour options together and submitted a 3D render to Teagasc for their consideration.

We added in some soft seating into the canteen space to allow employees time to relax and have a well deserved break with colleagues. Many canteens act as a social gathering space where everyone can chat together

RESULTS

This project was finished within the timeframe and budget given. A fresh and modern interiors has been created.
