

Thurles Library

DB Schenker are a logistics and supply chain management industry providing thousands of products for customers who are focused on finding the best shipping solution.

BACKGROUND

M2 Office Interiors were successful in winning this public tender. We worked with EML Architects on the specification of furniture for the refurbishment and upgrade of the existing Library HQ, (a protected structure). M2 Office was tasked with modernising a protected building while creating a comfortable and versatile experience for all visitors.

ABOUT THE PROJECT

The fit out including Public Reception/Exhibition space, a District Council Chamber, Meeting Rooms, Offices, and Canteen.

The District Chamber meeting room required multifunctional configurations depending on meeting type. The various configurations and head counts were planned in detail by M2 Office and bespoke tables were designed to suit the complex requirements. Completed on time and on budget.

RESULTS

The M2 Office design has breathed new life into thurles library, transforming it into a colourful, airy and modern environment.
