

2 Office Interiors worked closely with the client and Architect on the furniture specification to meet a design brief from Uber London.

BACKGROUND

This project had a particularly short turn around period so M2 Office had to source furniture and install it swiftly yet efficiently. Uber wanted to keep the style and colours on par with their office in London.

ABOUT THE PROJECT

M2 Office swiftly procured furniture to meet the tight deadline while aligning with the company's vision..

The project included; meeting furniture, Reception soft seating and break out areas. Large training rooms. Canteen. Chill-out and recreational spaces.

RESULTS

M2 Office successfully met the deadline and fulfilled Uber's requirements from their London office. The resulting space is bright, welcoming, and built to last, reflecting a commitment to quality and longevity.
