

Digital Manufacturing Business

Space You Can Make Your Own

M2 Office in conjunction with the client have created this stunning, modern and spacious office space that could suit a plethora of businesses. The strikingly symmetrical modern exterior are equally matched with exquisite interiors using such collections as Pedrali, Actiu and Connection Furniture in various settings such as canteen, boardrooms and executive offices.

BACKGROUND

The client is a leading player in the fast-paced industry, is seeking to update its workspace to enhance productivity, comfort, and aesthetic appeal.

ABOUT THE PROJECT

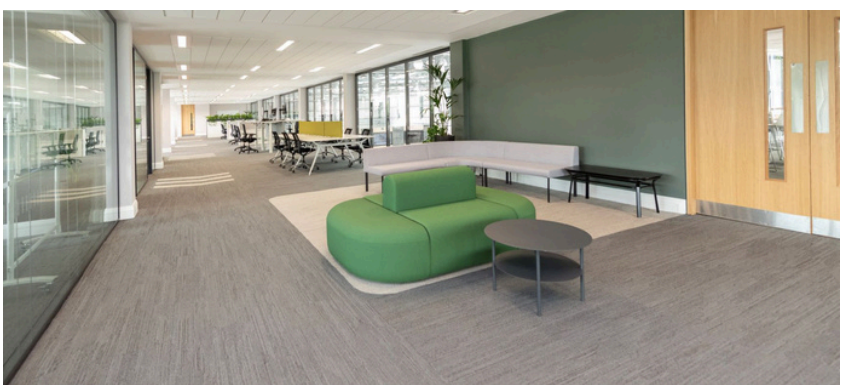

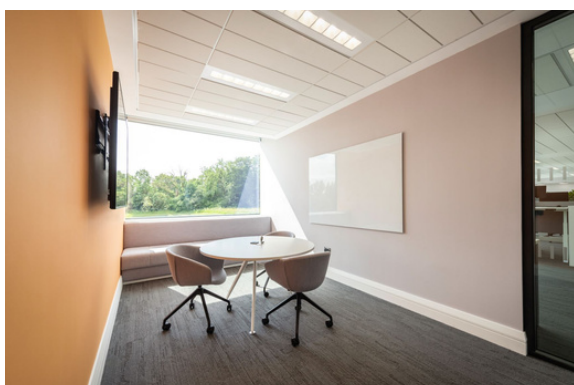

M2 Office Interiors worked closely with the client to select products that would not just meet the needs of the client but would be stylish, durable and fit for purpose.

For the canteen area M2 Office needed to consider the typical user of this space therefore opted to inject a more homely atmosphere into an industrial space with a modern Nordic design.

RESULTS

M2 Office successfully completed this project within the budget and timeframe given. The interiors is modern and ergonomically sound.
