

Corporate Office

At the heart of this modern office transformation is the Silen Space 2 Acoustic Meeting Pod—providing a quiet, focused environment within an open-plan layout and setting the tone for a workspace designed around comfort, privacy, and productivity.

BACKGROUND

M2 Office Interiors recently completed a corporate office fit-out project, placing a strong emphasis on acoustic comfort and modern workplace design. A standout feature of the transformation was the integration of Silen acoustic booths, offering employees private, sound-insulated spaces ideal for focused work and video calls.

These Silen booths are known for their exceptional acoustics, modular design, and silent ventilation system, making them a perfect solution for open-plan offices seeking to balance collaboration with concentration. The booths were seamlessly complemented by a curated selection of bespoke and ergonomic furniture, creating a functional and flexible work environment.

ABOUT THE PROJECT

This exceptional interior project achieves a cohesive mix of functionality with modern aesthetics. The design features custom bespoke desking with integrated storage, crafted with high-quality finishes that reflect a refined and professional workspace.

Corporate Office

A soothing pastel colour palette of sage greens and soft greys brings a calm, contemporary feel to the space, supporting employee wellbeing and focus. Personal pedestal units with cushioned tops offer both smart storage and added comfort, enhancing the overall versatility of the work environment.

RESULTS

This thoughtfully designed workspace exemplifies M2 Office Interiors' dedication to creating environments that are as functional as they are visually compelling. The inclusion of the Silen Space 2 Acoustic Meeting Pod provides a valuable quiet zone within the open-plan layout—ideal for focused discussions, private calls, or virtual meetings without distraction.

Meanwhile, the integration of ergonomic furniture ensures long-term comfort and adaptability, promoting healthier work habits and user wellbeing. With bespoke desking, soft-toned finishes in sage green and grey, and carefully considered furnishings, this project delivers a perfect balance of comfort, and contemporary design—tailored to meet the evolving needs of today's workplace.

The client was extremely pleased with the outcome and continues to partner with M2 Office Interiors for ongoing workspace enhancements.
